LaSalle Industrial Park TIF District VII- FY2010 Overview

Established in 2006, the LaSalle Industrial Park TIF District VII Redevelopment Project Area (the “Area”) includes properties surrounding the intersection of Interstates 39 and 80. The Area extends from the Little Vermilion River on the west end, east to the Pecumsaugan Creek; and from N 31st Road on the north end, south to U.S. Route 6 east of Interstate 39.

The City of LaSalle established the LaSalle Industrial Park TIF District to aid in the creation of appropriate industrial sites, strengthen the region’s competitiveness for industrial development and ultimately broaden the City of La Salle’s economic base. Tax increment financing will aid the City in the development of site selection factors such as easy access to expressway transportation systems, a good and accessible labor market, and availability of basic and advanced infrastructure.

The total public and private TIF eligible project costs expended from the TIF Fund during FY2010 amounted to \$7,404 and included those categories of funds shown in Figure 2 below.
