

Vacation Travel Safety Tips

"It is important that children stay safe during holiday and vacation traveling. Communicate with your children so they know the rules and you know they're safe."

- **Establish a contact person.** When traveling by road or air, always give a trusted contact person at home your trip itinerary. If any of your information changes make sure you update your information with your contact person.
- If you are traveling to a new place **establish rules and guidelines** for playing outside.
- **Make sure you have a charged cell phone** with you at all times in case you get lost, you breakdown, or there is another emergency.
- **Always submit an address** of where you will be to the local Law Enforcement Sex Offender Database, thereby giving you the information for which houses or areas to avoid.
